Membership & You

# Welcome

The North Dakota Association of Assessing Officers (NDAAO) was established in 1975 to serve as a clearing house for the exchange of assessment thought and better assessment methods and practices amongst our members. We strive to promote excellence in assessment administration.

NDAAO assists with the educational and certification requirements for assessment officials throughout the state by sponsoring classes, workshops, and gatherings. Our annual conference is held in conjunction with the State Board of Equalization during the second week of August.

Members are encouraged to participate in the various events, regional meetings, and committees of the association.
